Mazharul Uloom College - Ambur

JUNE 2018 - MAY 2021

Thiruvalluvar University

Bachelor of Science (Computer Science)

WORK EXPERIENCE

Corp Wings IT Service and Consultancy

Nov 2024 – Present

Software Developer-Intern

- Developed scalable web applications with React.js, Node.js, and MongoDB.
- Designed and implemented RESTful APIs for seamless backend communication.
- Built responsive UI components using Tailwind CSS and optimized performance for cross-platform compatibility.
- Integrated AI tools and modern technologies to enhance user experience and automation.
- Collaborated with cross-functional teams to deliver high-quality software solutions.

Full Stack Web Applications Projects

- Real-time Chat Application – Built a WhatsApp-like chat system using HTML, CSS, JavaScript, Node.js, and Express, featuring real-time messaging with Firebase Firestore and media storage with Cloudinary. Managed chat data efficiently in MongoDB for seamless user experience.
- Sri Balamurugan Traders Website – Built a responsive e-commerce website for a trading business using HTML, CSS, and JavaScript for the frontend and Node.js for the backend. Integrated WhatsApp Inquiry for seamless customer interactions and used MongoDB and Firebase for data management.
